AN UNTIRING WORKER

It is said the late Adjutant General Thomas J. Stewart that he habitually devoted many hours daily to transacting the business of his office. Visitors found him there early in the morning and he frequently remained at work until a late hour of the night. He had a fervent desire personally to attend to as much of the business of his office as possible and he persisted until the end in doing much work that might well have been turned over to a subordinate. He was thoroughly familiar with the military situation in the nation and the state, and during recent months was able to be of great service to the federal war department. The Tribune has spoken, already concerning his power as an orator. The county contains no man who was more acceptable as a public speaker and few who were his equals. In his death Pennsylvania loses one of her best sons.

POLITICAL

SLUMBERING CITIZENS

When a man becomes an American citizen, either by naturalization or birth, certain duties devolve upon him. In order that he may discharge those duties in an intelligent and efficient manner he needs to know what they are and all about their scope. The mere fact that a great many men who are clothed with all the privileges of citizenship either are densely ignorant concerning these duties or entirely indifferent toward them does not alter the situation. Whatever had government we have in this country is largely the result of imperfect or careless citizenship.

Here in America every voter owes it to the nation, the state, the county, the city, to keep his eyes and ears open to passing events and current opinions. He is interested, or ought to be, in keeping his nation in the path of righteousness, in providing efficient men for the heads of his state government and in actively interfering on behalf of the best and the most economic government for his county and city. This statement is a truism but it is one that has been so generally ignored it needs to be repeated many times and with ever increasing emphasis.

DUMDUMS

In another column will be found a letter to the editor from Chas. J. Bangert who is now so well advertised that it is unnecessary to state where he is from or what his occupation. Thus far we have been so busy that we have not had time to investigate Jefferson county courts and it is probable that we will not do so as the only kick we have heard along that line has emanated from the office of the Publicist of DuBois. The gentleman from DuBois seems to be over-solicitous of the welfare of the taxpayers of Jefferson county. Does he advocate licensed hotels cut down the criminal list of the county courts?

MILLIONAIRESS WHOSE STRANGE DEATH WILL CAUSE NEW INQUIRY, AND HER SISTER

The strange death of Mrs. Maud A. King, widow of a wealthy Chicago lumber dealer, in South Carolina, has caused a sensation which may result in a new inquiry into the circumstances of her death. A coroner's jury at Concord, S. C., found she had come to her death accidentally when a revolver placed near her exploded. Mrs. Melvin of Chicago, her sister, is shown in the photograph standing.

France Ready To Believe That Money Grows On Trees In U. S.

Liberality of Soldiers and Sailors is Great Surprise To Frugal French Shop Keepers

By W. S. Forrest
(United Press Staff Correspondent)

Paris, Aug. 29.—(By Mail).—France is beginning to believe that money grows on trees in the United States.

The army and navy has had several pay days. Shiny American gold pieces have rapidly found their way into bank tills in exchange for French coin of the realm and the latter has been lavishly distributed in typical American fashion.

The French poulu looks with envy on his American fellow-fighter. The Poulu receives four cents a day for being a Poulu. The British Tommy gets 24 cents a day. The American soldier gets about seventy cents a day. And he spends it.

Paris newspapers never cease to wonder at the spending American fighters. One told how common, ordinary stokers off one of Uncle Sam's battleships came to Paris and cashed big letters of credit at Paris banks. Another detailed how an American Jackie bought a dozen bottles of champagne just because it was so cheap in France.

Paris hotel keepers have ceased to be surprised when an American soldier or sailor orders an expensive room. Theatre ticket offices sell high priced seats to our fighters without a murmur. Restaurant waiters are not surprised when they are told "Just keep the change."

So marked has become the American money spending menace that the Army and Navy Y. M. C. A. which is a self appointed guardian over our fighters' pocket book and morals, has issued the following "don'ts" and "whenever's."

"Don't engage rooms in any hotel without first asking the price, including light and service. And don't think that your hot bath is gratis."

"Don't order a meal in a restaurant without first consulting the menu and see that the prices are plainly written—otherwise you may be surprised when you get your bill."

"Don't omit to count your change. Don't give all your spare change to the waiter. He doesn't expect more than ten per cent. of the bill up to fifty francs and then five per cent. after that."

"Don't accept outside rates in exchange for pounds and dollars. Go to a bank where you will get the right and lawful exchange."

"Don't ask advice from strangers. Go to people in authority or recognized associations of your own country."

"Whenever you go into a shop to buy anything—always ask the price first."

that the price is marked on the saucer upon which it is served."

TO THE VOTERS OF CLEARFIELD AND VICINITY

To My Republican Neighbors:—

I take this means of speaking personally to you regarding my candidacy for the office of sheriff at the September 19th Primary election. Since it has not been possible for me to hand you my card to solicit your vote and influence in my behalf as I had hoped to do. The county is so large and the voters so numerous that it was a greater task than I had anticipated when I planned to see every voter in person. Any how I felt that you knew I was second high man for Sheriff four years ago and that twice being a candidate has been a great expense which I can scarcely afford and that it has been customary to give the second high man the nomination next time. Therefore I most earnestly plead for the home votes of my Republican neighbors and to urge you to come out and vote for me on the day of the Primary. I was proud of my home vote four years ago, also have been most grateful ever since and I now plead for and urge my claims to you voters, as a home candidate and would appreciate all the votes as a matter of personal and community pride at this time. I do not claim to be perfect by any means but I have always been loyal to the Clearfield merchants, mechanics and laboring men generally and farmers of the vicinity and county and have always helped in every way I could to build up the town of Clearfield. I have erected several houses and actively favored all improvements for its uplift and development and if nominated I will do my very best to secure the election, not only of myself but for all my colleagues on the ticket as well. I am ready and willing to sincerely forget and forgive any differences and ask the same consideration from others, and whether I win or not will appreciate gratefully the largest possible home vote from neighbors and as other localities are giving their home candidates a big home vote, I do feel deeply as though, if I am thus favored in that way I will be nominated easily and by a large majority. Hoping each of you will come out and cast your vote for me as this is my last chance. I am,

Yours in the cause of Republicanism

SUNDAY ATTACK OF LUMBAGO ROUTED

Two Applications of Modern Remedy Removed Trouble-- Was Ready For Work Monday Morning

If you have been laid up with that dreaded malady, lumbago, read what M. E. Kuhn of 815 6th Ave., Altoona, Pa., has to say:

"I am subject to lumbago and have, at times, suffered for weeks with this ailment. On several occasions I could not work for days at a time."

My last attack occurred about four weeks ago. Came on me Sunday and I thought that I would have to give up my work again.

A friend of mine advised me to use 20th Century Liniment and with one application on Sunday night and another on Monday morning I was able to go to work as usual. With a couple more treatments the trouble entirely disappeared and I have felt no trouble since.

I surely think 20th Century Liniment a most wonderful remedy for anyone afflicted as I have been and I assure you that I will never be without it in the house for emergencies."

Sold at any store that sells good liniments for 50 cents and \$1.

HEW 320 MILES IN NEW AMERICAN DIRIGIBLE

RALPH H. UPSON

Ralph H. Upson, the young aviator, recently flew 320 miles from Chicago to Akron, O., in a new dirigible being tried out by the War Department. During the trouble with Mexico he served on the border as scout for the Ohio Field Battery, and operated kite balloons over the Mexican forces.

WILL HEAR TEDDY AT JOHNSTOWN

Col. Theodore Roosevelt will speak at Johnstown on Sunday, Sept. 30th under the auspices of the Red Cross and a great many Clearfield admirers of the great red-blooded American will make the trip to Johnstown to hear him. He will speak at a park near Johnstown and many thousands of out of town visitors are expected to be present.

An automobile party is being arranged here and possibly a dozen machines will be utilized to carry the visitors. The trip overland to Johnstown is a most delightful one. The distance is 68 miles and the most advantageous route is via Mahaffey, New Washington, Hastings, Spangler and Ebsenburg.

Queen Victoria of Sweden who has been brought prominently into the public eye by her alleged pro-Germanism, has never enjoyed much popularity with the people of Sweden. For many years, because of reasons of health, she has spent little of her time in Stockholm, residing during the greater part of the year with her relatives at Carlsruhe, or else in Italy or the south of France.

Letters to the Editor

Sept. 17, 1917

Editor Progress, Clearfield, Pa.

Dear Sir:

A few weeks ago you promised your readers that you would investigate the cause of the big criminal court at Brookville during August and endeavor to ascertain whether this was due to the fact that Jefferson county is "dry."

We would not be so much interested in the matter were it not for the fact that you questioned our veracity when we called your attention to the matter. We would like to have you investigate as you have agreed to do and then we would like to read the result of your investigations.

Yours truly,

CHAS. J. BANGERT.

INTERCOLLEGIATE SOCIALIST CONFERENCE

New York, Sept. 18.—"Political and Social Readjustments—During and After the War" has been selected as the general theme for discussion at the Autumn conference of the Intercollegiate Socialist Society, which met at Bellport, L. I., today for a session that will continue until Sept. 24. Among the speakers to be heard are Mrs. Florence Kelley, Miss Finchot, Representative Meyer London, Prof. E. R. A. Seligman of Columbia University, and Dr. Charles W. Nasmith, of the World Peace Foundation.

PLAN CONTROL OF COAL TUGS

Boston, Mass., Sept. 18.—Prominent shipping men met in Boston today for conference with a representative of the Federal Shipping Board in regards to plans for operating all the North Atlantic tugs and barges, under a central authority with a view to bringing about maximum efficiency of service. By pooling the operation of tug and barges, it is claimed, cargoes would be expedited and full loads could be carried at all times, unloading condition would be supervised and tugs would be kept away from congested ports.

OBITUARY

The twin daughters of Mr. and Mrs. Edward Haney of Krebs, were born Friday, June 30th, 1916, died the following dates: Anabel Margaret Haney died Friday, August 31st, 1917, aged 1 yr., 2 mo. and 1 day, interred in Stoneville cemetery on Sunday, September 2nd, 1917. Isabel Martha Haney died Friday, September 14th, 1917, aged 1 yr., 2 mo. and 15 days. Interred in Stoneville cemetery Sunday, September 16th, 1917. These two deaths marks one more than half of the family of children gone, numbering six dead. Five children with their parents are living, namely Adrian, Preston, Blanche, Alice and Freda. The family has the sympathy of the entire community in the loss of their great sorrow. But God in his wisdom does all things well. Rev. Hummel of Clearfield conducted both services.

MORATORIUM PROPOSED FOR MEN SERVING NATION

Washington, Sept. 17.—Legislation to protect the civil and property rights of soldiers and sailors, in effect a moratorium for the duration of the war in behalf of men who are serving their country on the fighting forces, may be placed upon the administration's program for this session of congress as a necessary element of the raising of a citizen army.

The "soldiers and sailors' civil rights bill" to carry out this purpose has been introduced in both houses, having been framed in the office of Judge Advocate General Crowder, Secretary of War Baker has under consideration recommendations that the entire weight of administration influence be brought to bear to obtain early enactment of the measure.

It is proposed that creditors' suits against officers or men may be held up and judgment by default denied, the framers of the bill recognizing that a man in the army or navy would have no opportunity to make his defense in person or to arrange for its proper hearing through counsel.

Such a judgment rested against a man at the time of his enlistment the bill would prevent its execution through the sale of his property during his absence. It would set aside the statute of limitations so that a debt owed to a soldier might not be outlawed in his absence, prevent eviction of his family for non-payment of rent, protect his equity in any real estate or other purchase contract, and protect him against the ordinary results of defaulted payments on business mortgages and keep him from being sold out in his absence.

Another element of protection the bill would accord to the fighting man would be as to his life insurance, which could not lapse through failure to make any payment.

GIANT BRIDGE'S CENTRE SPAN SWINGS INTO AIR AT QUEBEC

Tremendous Engineering Feat, Where Disaster Preceded, Works like a Charm

Quebec, Sept. 17.—With 122 feet yet to be negotiated before it is bolted into place above the St. Lawrence river the huge central span of the Quebec cantilever bridge tonight is suspended like a great pendulum 28 feet above the point from which it was started upward today. An official statement said that, so far the tremendous engineering feat had gone on without a hitch.

The span is being elevated two feet at a time, in contrast to the three-foot lifts which marked the first attempt to raise a span into place in 1916, when 14 lives were lost as it broke from its moorings in mid-air, and plunged into the river.

BOARDS TO RE-EXAMINE REJECTED REGISTRANTS

New York, Sept. 18.—Many men in this city previously termed unfit for service in the National Army probably will be re-examined when local boards get ready for the second and third drafts. Since the first examination the standards have been relaxed.

Representative Jeannette Rankin, of Montana, is to speak on Suffrage and labor problems at a mass meeting to be held in Madison Square Garden on Sept. 27.

SOLDIERS' LETTERS

Naval Training Station, Barracks A, Room 11, Newport, R. I., September 13, 1917.

Dear Fritz:

Well I am in it like the Navy fine. I do wish you were here with me, thought there are a great many southern fellows in the training station and many of them are college graduates. About one-third of the 10,000 here, they tell me, are graduates of colleges.

The first two days were almost exhausting, but now that I am getting acclimated I think the life and training are great. It just seems like a big college. The beautiful buildings, ground and residences on the shore of Narragansett Bay make a place where life seems worth living.

A noticeable thing here is the fine physical fitness of every man. A pretty picture to those who have never seen much of the naval life is to see the 10,000 men here going through their drills before the reviewing officers. During this weather we wear white suits, white caps, white leggings and blue sweaters.

Talk about work. From the time we roll out of our hammocks in the morning at 5 o'clock until 3:30 in the afternoon we are busy. It is either fall in for drill or get ready for inspection. The Navy people believe that water should not be spared in keeping everything "sea going." So everything is kept immaculately clean. I don't know how long I will be here. There is talk of sending us to Norfolk, Va., where the greatest and finest Naval Base in the world is being completed. I would like to go there for the climate of Virginia would be more agreeable to me. Gee, its freezing here already.

There are 25 of us in two large rooms. One room contains our hammocks. The other contains two large tables and benches which furnish our desks. We use the latter room also for recreation. These southern boys "sure can sing and dance" and we have lots of fun. Did you ever sleep in a hammock? That's a feat fit for a Japanese juggler.

I guess I told you about how a number of the Clearfield boys contended that I should have registered on June 5th. They would probably be interested to know that it was not required of me because I enlisted on June 2 in active service and although I was not at a training camp, my pay was going on, so on the 5th of Oct. I will receive four months' pay. I was sorry that some of the Clearfield people should be so determined in their idea that I must register. But I readily forgive them for the people of old Clearfield are all dear to me.

Don't forget our agreement about writing.

So good bye and good luck.

Sincerely,

JOE FARRAN

Gettysburg, Sept. 12

Dear Friend Leslie: After two or three very busy weeks here in our camp hospital, I will keep my promise to you and write you the letter you should of had a long time ago. I sure did not forget you, as I always like to hear from my home folks and also those with whom I worked with as well. We are very busy here in our detachment, taking care of the sick. We have at the present time one hundred and eight patients in our different wards. These come from the different detachments who are in camp here. We have all kinds of sickness and as you know the sick much have their eats as well as those who are able to be at their post of duty, it makes much added work for those of us who have the cooking to do. There is just six of us cooks who have the eats to prepare for about two hundred men so you can imagine our task for it is no small one for us to do, as everything must be on time.

Just to give you some small idea of what is used in our camp alone for cats only I can say our monthly bill is from \$3,500 to \$4,000. So you can see that our good old Uncle Sam is real good to his boys, when it comes to eats.

My experience up to this time has been wonderful to me, in many ways. The outdoor life is sure a great help to thousands of us fellows. I say thousands because there are about 12,000 here now and before long we may be where the numbers will go much higher, as we only know we are here now and do not know when or where we will go or be next. So if the change is made soon do not be much surprised as our Uncle Sammie in this case knows best. Although sometimes the chances for universal peace looks bright then again who only knows but God Himself. Anyhow I am determined to do my bit for the cause which is just, and then if peace does come soon, I will be the more happy for doing my little bit in the struggle.

I sure am having good health and doing fine and learning lots.

I hope some day to return safely home again. Give my best to all those who may wish to know of me.

Respectfully yours,

Attention Republican Voters of Clearfield County!

This Wednesday, September 19th is Primary Election Day. Be Sure And Go To The Polls!

Who's Name Are You Going To Mark An X After F. Sheriff?

Why Not Vote For Percy E. Smith of Curwensville For That Office?

The Following is A Not of Explanation From Him to The Republican Voters of the County

I wish to state that owing to the large territory to be covered and the short time to do it in, that I have been unable to see all the Republican voters of the County personally, although have tried very hard to do so.

I would also like to say that this is the first time I have asked the favor of a county office from the Party to which I have always been loyal and faithful.

If I receive the Republican nomination this Wednesday, I pledge myself to do my utmost to win the election in November.

Thanking you for any assistance you may render me in hoping some day to be able to return any favor, I am,

Sincerely yours,

P. E. SMITH

WOMEN WILL ENTER HARVARD MEDICAL SCHOOL

Cambridge, Sept. 17.—For the first time in its history women are to be admitted to the medical school of Harvard University according to an announcement today. This does not mean that a large number will be admitted but a considerable number of competent students. Harvard confers no degrees on women, and if women are admitted to the medical school they will have to get their degrees at Radcliffe college.

DISORDERED IMAGINATION PURELY

A Third Ward man, whom it is alleged, licked up a few too many, was the victim of a pipe dream last evening in which he saw a colored man and another Republican poke a gun in his face down at Judge Smith's corner about 9:30 and make him give up a lot of money he didn't have.

He reported his nightmare to the police and a careful investigation disclosed the truth of our introductory hereto.

AMERICAN AVIATOR DOWNS TWO MORE GERMAN AIRPLANES

Raoul Lufbery, American aviator of the Lafayette escadrille, whose home is in Wallingford, Conn., has brought down two more German airplanes. For a Corn Peeling Picnic Use "Gets-It"

Pain Eases at Once, Corn Just Dies!

Do your corn-ridding easily, with a smile—the baggy-peel way. That's the "Gets-It" way—the only way—your corn or callus comes off complete as though it were glad to get off.

"Gets-It" has cured more corns than all other remedies combined. It's as sure as the sunrise, and as safe as water. Used by millions. Don't take a chance with your feet, you can't afford to experiment with unknown mixtures when you know "Gets-It" never fails.

"Gets-It" will remove any corn or callus. Wear those new, stylish shoes or pumps if you want to—go ahead and dance. Demand "Gets-It"—throw substitutes back on the counter! 25c is all you need pay at any drug store or it will be sent direct by E. Lawrence & Co., Chicago Ill.

Sold in Clearfield and recommended as the world's best corn remedy by Irwin Drug Co. and Dooley's Drug Store.

DEMOCRATS, ATTENTION!

To the Democrats of Clearfield County:—

Gentlemen:—The primary election campaign is nearing a close, and I have found it physically impossible to see all the Democrats of this large county. Therefore, I take this means of coming to you with my claims for the nomination for Sheriff. I have always been a loyal party worker and if nominated will make a most determined effort for victory in November.

I have made a clean, energetic campaign and will greatly appreciate the support of every Democrat. I come from a section of the county that has received no recognition from the party in many years and believe the many hard-working up-river Democrats will be pleased and heartened in the cause by my nomination.

Again soliciting your votes and support, I remain

PLAN ROUSING SEND-OFF FOR LIBERTY BOYS

Everything in Readiness For the Farewell To District No. 1's Second Contingent

WHAT IS NEEDED AT CAMP

Great preparations are underway for the reception to be given the "soldiers of liberty" previous to their training for Camp Lee, Wednesday at 1:15. The committee in charge is hard at work on the details and promise to have everything in ship shape for the big event.

The committee suggests that every home in Clearfield display a flag tomorrow and that the business places also decorate in honor of the occasion.

It has also been suggested that the merchants close their stores from 11 o'clock to 3 p. m. This would give everybody a chance to participate in the farewell and send-off and would also show the parents and friends of the out of town boys in the list of soldiers that Clearfield people thoroughly appreciated the sacrifices these boys were making for their country, and would in turn sacrifice a few hours business in order to assist in giving them a proper send-off. It would be the proper thing to do.

The board received an order this morning directing them to send 90 men instead of the 85 already summoned and the additional men will get their marching orders today.

All men who are called to the National army are welcome to use the privileges of the Young Men's Christian association. Badges will be given out at the office to those who apply for them.

The boys who are going to Camp Lee tomorrow might profit by reading the following from a fellow who went down with the first contingent.

"When you arrive in camp you are met by officers and taken either to the barracks or to the examining hospital. All according to how they are prepared to accept you. As to why I'm in the Engineer Train, well that's where they put us. No one knows what branch of the service we were to get put into and of course where we were put. As to the medical end I cannot say at this time. Shortly after we got signed up they called us into the orderly rooms and asked us:

1. Your residence is?
2. Previous occupation?
3. Experience in?
4. Can you drive 2 or more mules?
5. Can you drive motor truck?
6. Do you play any musical instrument?

That's all. And from those questions we will be put where it will be best for our "train," standpoint of previous work. Don't know that I want in the medical end anyhow. We have a dandy crowd, a new branch of the army and a variety of work to keep things interesting. Other fellows who came into the camp are placed just as the colonel or whoever sees fit. No choice at all. We all in this train are glad we missed the infantry and artillery. They are getting hard work.

Tell all fellows coming down here to wear old clothes or at least bring them along. Also socks and underclothes and shirts for at least a week. It's a week tomorrow since we came (seems like ten) and no uniforms or shoes yet. They say we will get shoes and probably uniforms tomorrow. Oh yes, tell them to wear high shoes, not oxfords, because this sand gets into low ones before ten steps are taken. Fels-naphtha or some other wash soap, too, is handy, because we wash our own clothes. Bring three towels, stationery and other incidentals such as the Red Cross furnishes."

It was reported here this morning that the body of a Hawk Run man was found floating in the old reservoir of the Philipsburg Water Company on Cold Stream this morning.

GENERAL APATHY IN CHARGE OF PRIMARIES

In Very Few Communities Is There Any Great Interest In Political Affairs This Fall.

FEW WET AND DRY FIGHTS

Harrisburg, Sept. 18.—Polling places will be open in every precinct in the state tomorrow for the fall primary elections, the voting hours being from 7 a. m. to 7 p. m., the same as on a regular election day. Liquor dealers of all classes must refrain from business between 6 a. m. and 8 p. m., these hours being shorter than on regular election day.

Inasmuch as no statewide officers are to be chosen interest in the various fights, some of which are bitter, is largely local.

The three-cornered battle for the Pittsburgh mayoralty nomination, however, has attracted attention in every county because of its probable bearing on the fight for the Republican gubernatorial nomination next spring.

In Philadelphia, the situation in the Fifth ward, where a heavy battle is on for the Republican leadership of the ward, is being watched with an interest almost as great as if an important city or state office were at stake.

In Dauphin county the Republican organization led by Senator E. E. Beidleman and Secretary of the Senate W. Harry Baker is being attacked on two offices—mayor of Harrisburg and coroner of Dauphin county. No contests exist for any partisan nomination except coroner.

In numerous counties, especially those electing associate judges, the usual sharp fight is on for control of licenses court by the "wets" or "drys."

In counties where there is only one candidate for judge, law or associate, he will in all likelihood win at the primaries and be unopposed in November. The same probably will happen where only two candidates have appeared for one seat. In Schuylkill county there are four candidates for two judgeships and the primaries may settle the issue, too, under the fifty-one per cent law. For a candidate to become a sole nominee thru the primaries he must have not only more than half the votes cast for judge, but also more than half of the total votes cast for any office in the county.

RESPECTED SANBORN RESIDENT DIES

Stacy T. Bauman, a respected resident of Sanborn, Woodward township, dropped dead at his home last night about 11 o'clock. Mr. Bauman had not been in the best of health for several months but went to bed last evening in his usual health. About 11 o'clock he got up and started down stairs to get a drink of water. His family asked him if he was sick when they heard him going down stairs, but he replied that he was alright. On reaching the foot of the stairs he fell to the floor and was dead when his loved ones reached his side.

He was about 74 years of age and is survived by a widow and five children, as follows: Ed. C. and John M., of Clearfield; Mrs. Jacob Yarger, Mrs. Minerva Smeal, and Thomas, all of Woodward township.

The funeral will be held from his late home Thursday afternoon at 2 o'clock. Interment at Sanborn cemetery.

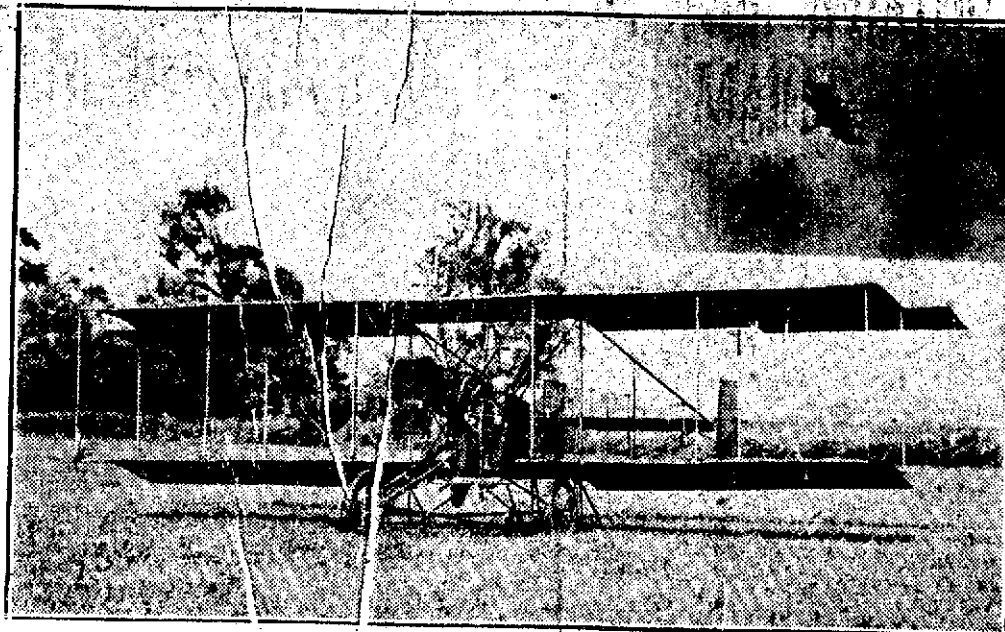

BIG SHIPMENT OF FLOUR

The condition of the wheat crop does not appear to make any trouble or difference for the Washburn-Crosby Co. of Minneapolis, as they are continuing to supply the eastern markets with high grade flour.

On August 25th two cars of Gold Medal, one containing 440 barrels and the other 405 barrels reached here and were distributed among the trade here. This was the largest shipment of any one brand of flour ever arriving in Clearfield. To give some idea of the amount of this brand of flour used here the dealer finds it necessary to duplicate this huge shipment at this time.

Italians Will Celebrate Columbus Day Here

Plans Under Way For A County Celebration October 12th.

Clearfield Italians are already making preparations for the celebration of Columbus Day, which falls on October 12th. The two Italian societies and the Clearfield Italian band will have charge of the affair which is to be a county celebration.

The committee in charge promise to make this the most elaborate celebration of the natal day of this most illustrious Italian in the history of this section of Pennsylvania and expect to have the different Italian societies and bands from all over the county in Clearfield on that day.

The local Italians with their band have been free to assist in all celebrations and public occasions in Clearfield in the past and respectfully urge the assistance and cooperation of our people generally on the occasion of their Columbus Day celebration.

ONE SABULA MAN KILLED; ONE INJURED

One man named Brown was killed and another by the name of Dunlap, was seriously injured at 1:30 this morning when they were struck by a train on the Pennsylvania railroad, at Sabula. Both young men are residents of Sabula and it was stated that they were returning from a dance given in honor of the draftees. It is believed that both of these men are among the number called, and that Brown was to leave with the contingent on Thursday.

Washington, Sept. 18.—William Albert Miller, of Chicago, a member of the gun crew of the Campana, which was sunk by a German submarine August 11, has been located in a German prison camp at Blundenburg, it was officially announced today. Four other members of the crew, including Captain Oliver of the Campana have been previously located in German camps.

POPE'S RESPONSE BELATED

By John H. Hurley
Rome, Sept. 18.—The Vatican will not publish the Central Powers reply to Pope Benedict's peace suggestions until after the Pope and the Vatican clergy have returned from their annual retreat in the latter part of September. In making this statement today the Vatican would not make an answer to the notes. The Vatican expects to publish all the diplomatic notes in full at the close of the war.

WILSON TO STEM LABOR DISPUTE OF SHIPPING

Also Planning to Send Rush Order of Emissaries to Russia to Correct Work of Enemies

MANY STRIKES ARE ON NOW

By Robert J. Bender
(United Press Staff Correspondent)

Washington, Sept. 18.—President Wilson is taking measures to stall labor disputes in this country and dissipate the effects these troubles are having upon Russia.

The United Press is able to state semi-officially today that the President is personally pressing for prompt adjustment of the ship yard disputes on the western coast and that he will soon dispatch a Labor Commission to Russia to clarify this country's attitude toward the war. It is declared the labor unrest in this country is being used to create dissatisfaction in Russia to clarify this country's attitude. The Commission will consist of a representative of every different nation. Miners, machinists, etc., will go out among the working men and preach unity for the basis of bringing the war to a successful conclusion, and to disregard the reports circulated in Russia that the "United States is not democratic and that the laborers are fighting the government."

KERENSKY LEAVES FOR HEADQUARTERS

Petrograd, Sept. 18.—Russian troops were successfully pressing forward at two points on the front today according to the official statement. On the Roumanian front the war office announced occupation of the entire sector of the enemy's fortified position in Varnitza. Premier Kerensky accompanied by the assistant Chief of Staff Alexieff and Minister of Marines have left for the main army headquarters it was announced today. The Premier desires personally to see the loyal troops and ascertain at first hand some of the causes of Korniloff's rebellion.

TWO WEEKS' CASUALTIES

Ottawa, Sept. 18.—During the last two weeks in the terrific battle at Lens the war casualties were exceedingly small, according to figures made public today by Sir Edward Kemp in the House of Commons. There were 7,586 dead, wounded and missing.

Winburne Ablaze With Patriotic Fervor

Farewell to Soldiers of Liberty Participated In By Thousands

Winburne, the capital of Cooper township, was the rallying point for the patriotic people of Cooper and Morris townships last evening, the occasion being a reception tendered the soldiers of liberty from that section of the town.

The affair was decided upon by the Winburne Fire company, a number of whose members are in the call, and the entire community gladly assisted in every way possible to make the affair a tremendous success.

Four bands and more than two thousand people participated. Following is the program of the evening's exercises:

1000 On Strike In Big Pittsburgh Steel Works

Company Asserts That Men Have Not Presented Any Demands

Pittsburgh, Sept. 18.—One thousand employees of the finishing department of the Jones & Laughlin Steel Company walked out today, badly trying up the work in the big Second avenue plant. The officials said the men presented no grievances. It was believed that the men struck in order to give themselves time to organize a protective union and secondly as a protest against the temporary lay-off of 120 men by the company on Saturday.

PAINLEVE SPEAKS

By Wm. S. Forrest
Paris, Sept. 18.—Declaring the "supreme phases of the conquest at hand" Premier Painleve in the Chamber of Deputies today said that France demands the restoration of Alsace-Lorraine "irrespective of the claims for peace." It was the Premier's first appearance in the chamber of deputies since his success in forming a new ministry.

JOHN S. CHAPLIN FOR SHERIFF

In view of the fact that I have been confined to the hospital for the last four weeks when I would have liked most to be around the county to see my friends, I take this means of making a direct appeal to my own townspeople, whom I have been unable to see, to stand behind me in the nomination tomorrow.

You voters who live in Clearfield and vicinity have been able to observe my work as Deputy Sheriff during the last four years and know that I am fitted as well and probably better for the office of Sheriff than one who has not had my experience. You also know from personal acquaintance with me that if I am elected you will be assured of a representative who will work to the best interests of Clearfield county.

Your vote for me is earnestly solicited when you go to the polls tomorrow and will be very highly appreciated.

JOHN S. CHAPLIN.

CASES OF LOCAL INTEREST UP IN CAPITAL

New York Central Is Responsive In Case Filed by West Branch Coal Co. Involving Siding

LOCK HAVEN RATE CASE UP

Harrisburg, Sept. 18.—Today's session of the Public Service Commission, like yesterday's, was devoted almost exclusively to argument of pending cases. Among them was the case alleging that the New York Central Railroad Company has unreasonably increased the rates on soft coal into Lock Haven. The Business Men's Association of Lock Haven, and some private firms in the same place are the complainants. The New York Central is also respondent in a complaint of the West Branch Coal Company, which alleges the railroad has refused to lay a siding near Rowles Station, Clearfield county.

Other cases on the lists include: James McKay Company, alleging discrimination by the Manufacturers' Light & Heat Company, McKees Rocks; Galetton boro, alleging violation of franchise by the Potter Gas Company; Herick township, Susquehanna county, alleging the Erie railroad maintains a dangerous grade crossing at Herick Centre; Milo Dean, petition to run a jitney between Grove City and Mercer, and also the complaint of the Bessemer & Lake Erie railroad that Dean has been running such a jitney without holding a certificate of public convenience.

At the Fair Look for "Books for Soldiers"

Clearfield's Share of National Campaign Is \$325

"Books for Soldiers" is the newest kind of campaign to be launched in Clearfield. Not alone in Clearfield but all over the entire state. A gigantic fund of one million dollars is being raised to see that every one of our millions of soldiers is kept in good reading matter. You read something about this in The Progress last night. We cannot give more space today but want to tell you where you can give something. In this campaign you do not give until it hurts as we did once before. Give only a small amount. Look for the "Books for Soldiers" sign at the County Fair, and when you see it, just slip a quarter or a dime in the slot.

RAILROADER KILLED

B. M. Yeager, a brother of Earl Yeager, of this city, was killed near Mahaffey yesterday morning. Yeager was an employee of the New York Central and was riding a gasoline driven railroad motor car which was struck by the "mixed train" coming out of Mahaffey.

WILL CLOSE STORES

The Workman's stores will be closed tomorrow from 12 to 2 to allow Manager Thurston and his clerks an opportunity of paying their respects to the departing soldier boys. This is a proper move.

MEETING POSTPONED

The meeting of the Home Missionary society that was to be held at Trinity Methodist church, Wednesday September 19th has been postponed until Wednesday September 24th on account of the fair.

Overly Bros. store, East End will

be closed Wednesday from 11 to 3, Thursday afternoon.

Tear Off Here and Bring To The Court House Demonstration

- God save our splendid men.

AN UNTIRING WORKER

It is said the late Adjutant General Thomas J. Stewart that he habitually devoted many hours daily to transacting the business of his office. Visitors found him there early in the morning and he frequently remained at work until a late hour of the night. He had a fervent desire personally to attend to as much of the business of his office as possible and he persisted until the end in doing much work that might well have been turned over to a subordinate. He was thoroughly familiar with the military situation in the nation and the state, and during recent months was able to be of great service to the federal war department. The Tribune has spoken, already concerning his power as an orator. The county contains no man who was more acceptable as a public speaker and few who were his equals. In his death Pennsylvania loses one of her best sons.

POLITICAL

SLUMBERING CITIZENS

When a man becomes an American citizen, either by naturalization or birth, certain duties devolve upon him. In order that he may discharge those duties in an intelligent and efficient manner he needs to know what they are and all about their scope. The mere fact that a great many men who are clothed with all the privileges of citizenship either are densely ignorant concerning these duties or entirely indifferent toward them does not alter the situation. Whatever had government we have in this country is largely the result of imperfect or careless citizenship.

Here in America every voter owes it to the nation, the state, the county, the city, to keep his eyes and ears open to passing events and current opinions. He is interested, or ought to be, in keeping his nation in the path of righteousness, in providing efficient men for the heads of his state government and in actively interfering on behalf of the best and the most economic government for his county and city. This statement is a truism but it is one that has been so generally ignored it needs to be repeated many times and with ever increasing emphasis.

DUMDUMS

In another column will be found a letter to the editor from Chas. J. Bangert who is now so well advertised that it is unnecessary to state where he is from or what his occupation. Thus far we have been so busy that we have not had time to investigate Jefferson county courts and it is probable that we will not do so as the only kick we have heard along that line has emanated from the office of the Publicist of DuBois. The gentleman from DuBois seems to be over-solicitous of the welfare of the taxpayers of Jefferson county. Does he advocate licensed hotels cut down the criminal list of the county courts?

MILLIONAIRESS WHOSE STRANGE DEATH WILL CAUSE NEW INQUIRY, AND HER SISTER

The strange death of Mrs. Maud A. King, widow of a wealthy Chicago lumber dealer, in South Carolina, has caused a sensation which may result in a new inquiry into the circumstances of her death. A coroner's jury at Concord, S. C., found she had come to her death accidentally when a revolver placed near her exploded. Mrs. Melvin of Chicago, her sister, is shown in the photograph standing.

France Ready To Believe That Money Grows On Trees In U. S.

Liberality of Soldiers and Sailors is Great Surprise To Frugal French Shop Keepers

By W. S. Forrest
(United Press Staff Correspondent)
Paris, Aug. 29.—(By Mail)—France is beginning to believe that money grows on trees in the United States. The army and navy has had several pay days. Shiny American gold pieces have rapidly found their way into bank tills in exchange for French coin of the realm and the latter has been lavishly distributed in typical American fashion.

The French poulu looks with envy on his American fellow-fighter. The Poulu receives four cents a day for being a Poulu. The British Tommy gets 24 cents a day. The American soldier gets about seventy cents a day. And he spends it.

Paris newspapers never cease to wonder at the spending American fighters. One told how common, ordinary stokers off one of Uncle Sam's battleships came to Paris and cashed big letters of credit at Paris banks. Another detailed how an American Jackie bought a dozen bottles of champagne just because it was so cheap in France.

Paris hotel keepers have ceased to be surprised when an American soldier or sailor orders an expensive room. Theatre ticket offices sell high priced seats to our fighters without a murmur. Restaurant waiters are not surprised when they are told "Just keep the change."

So marked has become the American money spending menace that the Army and Navy Y. M. C. A. which is a self appointed guardian over our fighters' pocket book and morals, has issued the following "don'ts" and "whenever's."

"Don't engage rooms in any hotel without first asking the price, including light and service. And don't think that your hot bath is gratis."

"Don't order a meal in a restaurant without first consulting the menu and see that the prices are plainly written—otherwise you may be surprised when you get your bill."

"Don't omit to count your change. Don't give all your spare change to the waiter. He doesn't expect more than ten per cent. of the bill up to fifty francs and then five per cent. after that."

"Don't accept outside rates in exchange for pounds and dollars. Go to a bank where you will get the right and lawful exchange."

"Don't ask advice from strangers. Go to people in authority or recognized associations of your own country."

"Whenever you go into a shop to buy anything—always ask the price first."

that the price is marked on the saucer upon which it is served."

TO THE VOTERS OF CLEARFIELD AND VICINITY

To My Republican Neighbors:—

I take this means of speaking personally to you regarding my candidacy for the office of sheriff at the September 19th Primary election. Since it has not been possible for me to hand you my card to solicit your vote and influence in my behalf as I had hoped to do. The county is so large and the voters so numerous that it was a greater task than I had anticipated when I planned to see every voter in person. Any how I felt that you knew I was second high man for Sheriff four years ago and that twice being a candidate has been a great expense which I can scarcely afford and that it has been customary to give the second high man the nomination next time. Therefore I most earnestly plead for the home votes of my Republican neighbors and to urge you to come out and vote for me on the day of the Primary. I was proud of my home vote four years ago, also have been most grateful ever since and I now plead for and urge my claims to you voters, as a home candidate and would appreciate all the votes as a matter of personal and community pride at this time. I do not claim to be perfect by any means but I have always been loyal to the Clearfield merchants, mechanics and laboring men generally and farmers of the vicinity and county and have always helped in every way I could to build up the town of Clearfield. I have erected several houses and actively favored all improvements for its uplift and development and if nominated I will do my very best to secure the election, not only of myself but for all my colleagues on the ticket as well. I am ready and willing to sincerely forget and forgive any differences and ask the same consideration from others, and whether I win or not will appreciate gratefully the largest possible home vote from neighbors and as other localities are giving their home candidates a big home vote, I do feel deeply as though, if I am thus favored in that way I will be nominated easily and by a large majority. Hoping each of you will come out and cast your vote for me as this is my last chance. I am,

Yours in the cause of Republicanism

SUNDAY ATTACK OF LUMBAGO ROUTED

Two Applications of Modern Remedy Removed Trouble— Was Ready For Work Monday Morning

If you have been laid up with that dreaded malady, lumbago, read what M. E. Kuhn of 815 6th Ave., Altoona, Pa., has to say:

"I am subject to lumbago and have, at times, suffered for weeks with this ailment. On several occasions I could not work for days at a time."

My last attack occurred about four weeks ago. Came on me Sunday and I thought that I would have to give up my work again.

A friend of mine advised me to use 20th Century Liniment and with one application on Sunday night and another on Monday morning I was able to go to work as usual. With a couple more treatments the trouble entirely disappeared and I have felt no trouble since.

I surely think 20th Century Liniment a most wonderful remedy for anyone afflicted as I have been and I assure you that I will never be without it in the house for emergencies."

Sold at any store that sells good liniments for 50 cents and \$1.

HEW 320 MILES IN NEW AMERICAN DIRIGIBLE

Ralph H. Upson, the young aviator, recently flew 320 miles from Chicago to Akron, O., in a new dirigible being tried out by the War Department. During the trouble with Mexico he served on the border as scout for the Ohio Field Battery, and operated kite balloons over the Mexican forces.

WILL HEAR TEDDY AT JOHNSTOWN

Col. Theodore Roosevelt will speak at Johnstown on Sunday, Sept. 30th under the auspices of the Red Cross and a great many Clearfield admirers of the great red-blooded American will make the trip to Johnstown to hear him. He will speak at a park near Johnstown and many thousands of out of town visitors are expected to be present.

An automobile party is being arranged here and possibly a dozen machines will be utilized to carry the visitors. The trip overland to Johnstown is a most delightful one. The distance is 68 miles and the most advantageous route is via Mahaffey, New Washington, Hastings, Spangler and Ebsenburg.

Letters to the Editor

Sept. 17, 1917

Editor Progress, Clearfield, Pa.

Dear Sir:

A few weeks ago you promised your readers that you would investigate the cause of the big criminal court at Brookville during August and endeavor to ascertain whether this was due to the fact that Jefferson county is "dry."

We would not be so much interested in the matter were it not for the fact that you questioned our veracity when we called your attention to the matter. We would like to have you investigate as you have agreed to do and then we would like to read the result of your investigations.

Yours truly,

CHAS. J. BANGERT.

PLAN CONTROL OF COAL TUGS

Boston, Mass., Sept. 18.—Prominent shipping men met in Boston today for conference with a representative of the Federal Shipping Board in regards to plans for operating all the North Atlantic tugs and barges, under a central authority with a view to bringing about maximum efficiency of service. By pooling the operation of tug and barges, it is claimed, cargoes would be expedited and full loads could be carried at all times, unloading condition would be supervised and tugs would be kept away from congested ports.

OBITUARY

The twin daughters of Mr. and Mrs. Edward Haney of Krebs, were born Friday, June 30th, 1916, died the following dates: Anabel Margaret Haney died Friday, August 31st, 1917, aged 1 yr., 2 mo. and 1 day, interred in Stoneville cemetery on Sunday, September 2nd, 1917. Isabel Martha Haney died Friday, September 14th, 1917, aged 1 yr., 2 mo. and 15 days. Interred in Stoneville cemetery Sunday, September 16th, 1917. These two deaths marks one more than half of the family of children gone, numbering six dead. Five children with their parents are living, namely Adrian, Preston, Blanche, Alice and Freda. The family has the sympathy of the entire community in the loss of their great sorrow. But God in his wisdom does all things well. Rev. Hummel of Clearfield conducted both services.

MORATORIUM PROPOSED FOR MEN SERVING NATION

Washington, Sept. 17.—Legislation to protect the civil and property rights of soldiers and sailors, in effect a moratorium for the duration of the war in behalf of men who are serving their country on the fighting forces, may be placed upon the administration's program for this session of congress as a necessary element of the raising of a citizen army.

The "soldiers and sailors' civil rights bill" to carry out this purpose has been introduced in both houses, having been framed in the office of Judge Advocate General Crowder, Secretary of War Baker has under consideration recommendations that the entire weight of administration influence be brought to bear to obtain early enactment of the measure.

It is proposed that creditors' suits against officers or men may be held up and judgment by default denied, the framers of the bill recognizing that a man in the army or navy would have no opportunity to make his defense in person or to arrange for its proper hearing through counsel.

Such a judgment rested against a man at the time of his enlistment the bill would prevent its execution through the sale of his property during his absence. It would set aside the statute of limitations so that a debt owed to a soldier might not be outlawed in his absence, prevent eviction of his family for non-payment of rent, protect his equity in any real estate or other purchase contract, and protect him against the ordinary results of defaulted payments on business mortgages and keep him from being sold out in his absence.

Another element of protection the bill would accord to the fighting man would be as to his life insurance, which could not lapse through failure to make any payment.

GIANT BRIDGE'S CENTRE SPAN SWINGS INTO AIR AT QUEBEC

Tremendous Engineering Feat, Where Disaster Preceded, Works like a Charm

Quebec, Sept. 17.—With 122 feet yet to be negotiated before it is bolted into place above the St. Lawrence river the huge central span of the Quebec cantilever bridge tonight is suspended like a great pendulum 28 feet above the point from which it was started upward today. An official statement said that, so far the tremendous engineering feat had gone on without a hitch.

The span is being elevated two feet at a time, in contrast to the three-foot lifts which marked the first attempt to raise a span into place in 1916, when 14 lives were lost as it broke from its moorings in mid-air, and plunged into the river.

SOLDIERS' LETTERS

Naval Training Station, Barracks A, Room 11, Newport, R. I., September 13, 1917.

Dear Fritz:

Well I am in it like the Navy fine. I do wish you were here with me, though. There are a great many southern fellows in the training station and many of them are college graduates. About one-third of the 10,000 here, they tell me, are graduates of colleges.

The first two days were almost exhausting, but now that I am getting acclimated I think the life and training are great. It just seems like a big college. The beautiful buildings, ground and residences on the shore of Narragansett Bay make a place where life seems worth living.

A noticeable thing here is the fine physical fitness of every man. A pretty picture to those who have never seen much of the naval life is to see the 10,000 men here going through their drills before the reviewing officers. During this weather we wear white suits, white caps, white leggings and blue sweaters.

Talk about work. From the time we roll out of our hammocks in the morning at 5 o'clock until 3:30 in the afternoon we are busy. It is either fall in for drill or get ready for inspection. The Navy people believe that water should not be spared in keeping everything "sea going." So everything is kept immaculately clean. I don't know how long I will be here. There is talk of sending us to Norfolk, Va., where the greatest and finest Naval Base in the world is being completed. I would like to go there for the climate of Virginia would be more agreeable to me. Gee, its freezing here already.

There are 25 of us in two large rooms. One room contains our hammocks. The other contains two large tables and benches which furnish our desks. We use the latter room also for recreation. These southern boys "sure can sing and dance" and we have lots of fun. Did you ever sleep in a hammock? That's a feat fit for a Japanese juggler.

I guess I told you about how a number of the Clearfield boys contended that I should have registered on June 5th. They would probably be interested to know that it was not required of me because I enlisted on June 2 in active service and although I was not at a training camp, my pay was going on, so on the 5th of Oct. I will receive four months' pay. I was sorry that some of the Clearfield people should be so determined in their idea that I must register. But I readily forgive them for the people of old Clearfield are all dear to me.

Don't forget our agreement about writing.

So good bye and good luck.

Sincerely,

JOE FARRAN

Gettysburg, Sept. 12

Dear Friend Leslie:

After two or three very busy weeks here in our camp hospital, I will keep my promise to you and write you the letter you should of had a long time ago. I sure did not forget you, as I always like to hear from my home folks and also those with whom I worked with as well. We are very busy here in our detachment, taking care of the sick. We have at the present time one hundred and eight patients in our different wards. These come from the different detachments who are in camp here. We have all kinds of sickness and as you know the sick much have their eats as well as those who are able to be at their post of duty, it makes much added work for those of us who have the cooking to do. There is just six of us cooks who have the eats to prepare for about two hundred men so you can imagine our task for it is no small one for us to do, as everything must be on time.

Just to give you some small idea of what is used in our camp alone for cats only I can say our monthly bill is from \$3,500 to \$4,000. So you can see that our good old Uncle Sam is real good to his boys, when it comes to eats.

My experience up to this time has been wonderful to me, in many ways. The outdoor life is sure a great help to thousands of us fellows. I say thousands because there are about 12,000 here now and before long we may be where the numbers will go much higher, as we only know we are here now and do not know when or where we will go or be next. So if the change is made soon do not be much surprised as our Uncle Sammie in this case knows best. Although sometimes the chances for universal peace looks bright then again who only knows but God Himself. Anyhow I am determined to do my bit for the cause which is just, and then if peace does come soon, I will be the more happy for doing my little bit in the struggle.

I sure am having good health and doing fine and learning lots.

I hope some day to return safely home again. Give my best to all those who may wish to know of me.

Respectfully yours,

Attention Republican Voters of Clearfield County!

This Wednesday, September 19th is Primary Election Day

Be Sure And Go To The Polls!

Who's Name Are You Going To Mark An X After F. Sheriff?

Why Not Vote For Percy E. Smith of Curwensville For That Office?

The Following is A Not of Explanation From Him to The Republican Voters of the County

I wish to state that owing to the large territory to be covered and the short time to do it in, that I have been unable to see all the Republican voters of the County personally, although have tried very hard to do so.

I would also like to say that this is the first time I have asked the favor of a county office from the Party to which I have always been loyal and faithful.

If I receive the Republican nomination this Wednesday, I pledge myself to do my utmost to win the election in November.

Thanking you for any assistance you may render me in hoping some day to be able to return any favor, I am,

Sincerely yours,

P. E. SMITH

DISORDERED IMAGINATION PURELY

A Third Ward man, whom it is alleged, licked up a few too many, was the victim of a pipe dream last evening in which he saw a colored man and another Republican poke a gun in his face down at Judge Smith's corner about 9:30 and make him give up a lot of money he didn't have.

He reported his nightmare to the police and a careful investigation disclosed the truth of our introductory hereto.

AMERICAN AVIATOR DOWNS TWO MORE GERMAN AIRPLANES

Raoul Lufbery, American aviator of the Lafayette escadrille, whose home is in Wallingford, Conn., has brought down two more German airplanes. He alighted with his machine in flames the other day after taking one German. In a previous flight of Concord, Mass., in four flights fought eight Germans. Lufbery brought down one of these within the French lines.

For a Corn Peeling Picnic Use "Gets-It"

Pain Eases at Once, Corn Just Dies!

Do your corn-ridding easily, with a smile—the baa-peel way. That's the "Gets-It" way—the only way—your corn or callus comes off complete as though it were glad to get off.

"Gets-It" has cured more corns than all other remedies combined. It's as sure as the sunrise, and as safe as water. Used by millions. Don't take a chance with your feet, you can't afford to experiment with unknown mixtures when you know "Gets-It" never fails.

"Gets-It" will remove any corn or callus. Wear those new, stylish shoes or pumps if you want to—go ahead and dance. Demand "Gets-It"—throw substitutes back on the counter! 25c is all you need pay at any drug store or it will be sent direct by E. Lawrence & Co., Chicago Ill.

Sold in Clearfield and recommended as the world's best corn remedy by Irwin Drug Co. and Dooley's Drug Store.

COLLECTED A COUPLE OF GUNS

Duffon's Hardware Store was visited by a thief or thieves night before last, the marauder making away with a couple of revolvers. The job was evidently done by a juvenile amateur and the police expect to be able to round up the desperado without much trouble.

CARL A. ANDERSON

FOR JURY COMMISSIONER

DEMOCRATS, ATTENTION!

To the Democrats of Clearfield County:—

Gentlemen:—The primary election campaign is nearing a close, and I have found it physically impossible to see all the Democrats of this large county. Therefore, I take this means of coming to you with my claims for the nomination for Sheriff. I have always been a loyal party worker and if nominated will make a most determined effort for victory in November.

I have made a clean, energetic campaign and will greatly appreciate the support of every Democrat. I come from a section of the county that has received no recognition from the party in many years and believe the many hard-working up-river Democrats will be pleased and heartened in the cause by my nomination.

Again soliciting your votes and support, I remain

Yours for Democracy
